DR. Kryska: — Although not an advocate of Patent Medicines, in general, it affords me pleasure indescribs ble to recommend your Pectoral Syrap. As a medicine it is well worthy the attention of any person who may in any manner be afflicted with coughs, colds and hoarseness of any hind, and for the peculiar qualifications for removing all that disagreeable sensation attending a severe cold.

moving all that disagreeable sensation attending a severe cold.

I have been, more or less, in my life, affected with the severest of colds and boarseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few does of the above Syrup it would relieve me entirely.

In recommending this medicine, I must unbestiatingly say that it is the best remedy I evar found, purporting to care the above, nor should any family be without this semody for diseases so prevalent.

Yours, most respectfully.

I have used Dr. Keyser's Cough Syrup for a bad cong of several years standing, and can cheerfully say it the best medicine for the same that I have ever taken. J. W. PHICE.

COL. PRATT AND DE REYSER'S PECTORAL SYRUP.—Da. Exrass.—Dear Sir. Excuse the delay of my seknowledging the excellence of your Fectoral Cough Syrup sooner. I take great pleasure in saying that it is all you say it is. **Ikinocked the noise one of my cough and the worst one I was ever afflicted with: I have not used more than one-half of the bottle, and I can and do wish that all who are afflicted would give it as fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any consideration, or at any cost. I am condicent I can breathe more freely than I ever did. I shall sleways acknowledge a debt of gratitude for inventing so excellent a remedy. You are at liberty to use my name in this regard, as you think proper. E. F. PRATT.

At that time I was not field to try your PECTORAL COUGH SYRUP, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. A WONDERFUL OURE.—Some time ago, an old neighbor of mine was very ill, with a bad cough which every one supposed to be consumption. His reliatives told me that he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could npt live. I had shout the third of a bottle of your Pectoral Syrup, which I gave him, and it entirely cured him, to the astonishment of all. What makes the case more remarkable, is the extreme age of the man, he being about eighty years old. I have no doubt the Pectoral saved his life.

"atop Thatique Hing."—How can I do it?" "Go to Keyeer's on Wood street and get a bottle of his Cough Pectoral, and if that don't our you, your case must be desperate indeed." This is a specimen of the collequy one hears almost every day in cold catching periods of the year. And we can, from actual experiment, cheerfully ceneur in the advisor's admonition as above, for we have tried the "Pectoral." in a most stubborn case, with entire success. Near two weeks ago we want to Pittsburgh, with one of the most distressing, contrary, mulish, unsubdable coughs we ever experienced since our adventupen this mundane sphere. We coughed steadily and laboriously for one whole week, in hopes of firing if out, but it was no go. In fact it seemed rather to have imported by practice, and to have acquired aircraft, potency and distressibility by the operation. In this stage of the slege, we coughed our way to Keyser's, 140 Wood St.—procured a fifty cent bottle of the "Pectoral;" took it secording to directions, and in forty-eight hours we were master of the field, the enemy having unconditionally surrendered, after a brief but unequal conflict with so formidable an adversary as Reyser's famous "Quigh Pectoral."—Drocensville Chipper, Dec. 14, 1859.

Progr. Woon: Thee wilt please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chrocic disease, at tended with an eraption on the head. A continual course of sufering through life having reduced me to a state of dependence, I have not been able to obtain stuff for capa. Reither have I been able to do them up, in consequence of which my head has suffered extremely from cold. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative, about the first of August last. I have faithfully followed the directions, and the haid spot is now covered with hair thick and black, though short, it is also coming in all over my head. Feeling condigent that another large bottle would restore it entirely and permanently, I feel anxious to perseverre in its use, and being destitute of means to purchase any more. I would ask thee if thee woulds not be willing to send me an order on thine agents for a bottle, and receive to thyself, the scripture declaration—"the reward is to those that are kind to the widow and the fatherless."

Thy friend, SUSANNAH KTRBY.

J., Wood: Dear Ric:—In the latter part of the year 1852, while attending the State and National Law School of the State ot New York, my hair, from a suse unknown to me, commenced falling off very rapidly, so that in the short space of six months, the whole upper part of my scalp was almost entirely bereft of its Battle Creek, Mich., Dec. 21st, 1858

I at once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair would again be restored. I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1657, your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven deliars worth of your Restorative, and as a result, have a rich coat of very soft black hair, which no money can buy.
